

VPB15F4-10F/4Z

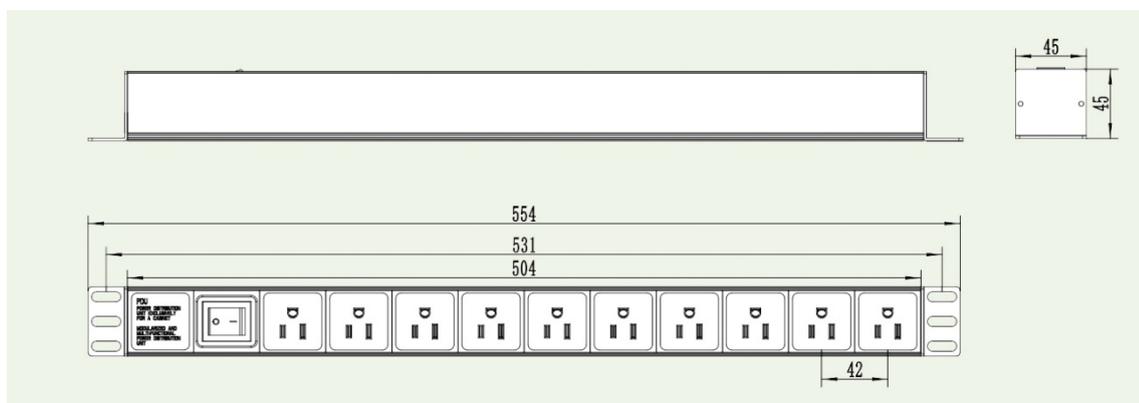

## Description

VPB series PDU is the device power access solution provided by VERICOM and used to power IT equipment. VPB15F4-10F/4Z features US plug input 15A125VAC, 10 Port US outlets protected by a switch. It is vertical installation and black.

## Features & Benefits

- **Convenient Installation**  
Rotating fixed bracket, suitable for horizontal, vertical and other installation angles
- **Thicker Cable**  
Less resistance, stable current, stable conduction, safe use of electricity
- **Comprehensive Protection**  
The main switch is equipped with a protective dust cover that prevents accidental shutoffs
- **Sturdy and Durable**  
Made from high ductile strength material that resists damage
- **Grounding Design**  
Reasonable grounding design prevents accidental electric shock

## Installation Dimensions

VPB15F4-10F/4Z

## Product Specifications

Electrical	
Input Voltage	125VAC
Input Current	15A
Input Frequency	50/60 Hz
Input Plug	15A US Type
Output Voltage	125VAC
Output Current	15A
Maximum Output Current	15A
Output Receptacles	(10) US Type
Physical	
Dimensions	554x45x45 mm
Installation	19 Inch
Weight	1000 g
Shipping Dimensions	570x94x56 mm
Shipping Weight	1200 g
Color	Black
Power Cord Length	2.0 m (Factory Standard)
Environmental	
Maximum Elevation Above MSL (Operating/Storage)	0 to 3,000 m/ 0 to 15,000m
Humidity (Operating/Storage)	5 - 95%RH/ 5-95, Non-condensing
Temperature (Operating/Storage)	0 - 45°C/ -20 to 70°C
Certifications	
Certifications	LVD,EMC...
