

Optical Fiber Splicing and Termination Box

Features & Benefits

- Water-proof design with IP-66
- Integrated with splice cassette and cable management routs
- Manage fiber in a reasonable fiber radius condition
- Easy to maintain and extend the capacity
- Suitable for the fusion splice or mechanical splice
- Efficient cable management
- 24 ports cable entrance for drop cable
- PLC splitter optional

Compliance & Standards

- ISO/IEC 11801
- ANSI/TIA/EIA 568-C.3

Product Specifications

Material	PC + ABS
Size	317*237*101 mm
Installation Size	206*274 mm
Maximum Fiber Count	24 cores SC Simplex; 48 Cores LC Duplex
Weight	1.5 kg (Unloaded)
Color	Light Gray

Ordering Information

Part No.	Product Name	Description
DBON024	FTTH Fiber Splicing and Termination Box, 2 in 24 Out, Unloaded	24 Cores SC Simplex, 48 Cores LC Duplex
