Double Section Wall Mount Cabinets (VW1)

Description

Vericom Double Section Wall Mount Cabinets VW1 is a perfect choice for the installation of both cabling and equipment, suitable for a wide range of applications including local area networking (LAN) cabling and hardware, and the housing of security, audio and visual equipment. Supports up to 30 kgs[65lbs] of networking equipment. It features a 90-degree swing-out hinge for easy access to cables and connections from back side.

Flat packaged for protection and ease of transport and storage with simple and quick assembly.

Double Section Wall Mount Cabinets (VW1)

Benefits

Security & Protection
- Locking doors prevent unauthorized access to equipment
- SPCC (1.2mm) rails provide a stable mounting structure
- Doors are grounded to the cabinet frame

Flexibility
- Multiple cable entry options provide greater flexibility during installation
- Doors and side panels are removable for convenient access to equipment

Multi-Use
- Available in multiple sizes to fit in a variety of environments where space is limited
- Adaptable for use in network, security and audio/video installations

Key Features
- Rear hinge allows main section to swing out 90° and disconnects from cabinet for easy mounting
- Lace points to reduce cable clutter
- Lockable tempered glass front door is removable and reversible
- Standing or wall mounting installation
- Allows for weight capacity of 30kgs[65lbs]
