

Top Mount Fan

Description

This Top Mount Universal Fan Unit fits standard 19-inch network and server cabinets and is the perfect solution for optimal airflow utilization. Operates at a quiet noise level (40dBA/each fan), making it a great choice for the server room or within an office space. Comes packaged with detachable power cord.

Technical Drawing

Product Specifications

- Product Type: Top Mount Fan
- Impeller Material: PBT Reinforced Plastic
- Dimensions (H x W x D): 4.72" x 4.72" x 1.77"(ea)
- Motor: Shaded Pole Induction Motor
- Bearing System: Sleeve
- Cord Length: 7ft
- Operating Temperature: -10°C ~ 70°C
- Voltage: 100 ~ 125 VAC (Per Fan)
- Frequency: 50 / 60 HZ (Per Fan)
- Current: 0.24Amps (Per Fan)
- Power: 10 / 9 Watts (Per Fan)
- Speed: 2100 / 2400 RPM
- Noise: 35 / 40 (Per Fan)
- Airflow: 75 CFM (Per Fan)
- Static Pressure: 3.1 / 4.1 (mmH₂O) (Per Fan)
- Weight: 540g (Per Fan)
- Compliance & Standards: CE & RoHS Compliant
